

CPCF Checklist

Tuesday 5th November 2019

PSNC is working to provide as much information and as many resources as possible to help community pharmacy teams to understand the details of the new Community Pharmacy Contractual Framework (CPCF) agreement as they are finalised in the ongoing negotiations.

This email is one of a series of recommended actions for community pharmacy contractors to help you to get ready for the introduction of all elements of the five-year CPCF. There is a lot to do and details will be coming out in stages, so this email series will help guide you through the process and highlight all of the resources and support available to you.

27. PQS: Plan to start your valproate audit (if not already started)

Additional resources to support community pharmacy contractors to meet the valproate quality criterion of the Pharmacy Quality Scheme (PQS) have now been published, so contractors may now want to consider when they are going to start completing the audit, if they have not already started working towards meeting this quality criterion.

[View all the resources available for the valproate audit quality criterion](#)

Further information on meeting the valproate quality criterion can be found at: psnc.org.uk/pqsvalproate

Digital CPCF Roadshow on-demand

A recording of PSNC's recent digital roadshow on the five-year Community Pharmacy Contractual Framework (CPCF) is now available to view. The roadshow explores what the future holds for pharmacy and should help contractors and their teams to start to prepare themselves for that. Watch it now: psnc.org.uk/digitalroadshow

Previous editions of this email series can be found in our CPCF hub: psnc.org.uk/5yearCPCF
