

Pharmacy Quality Scheme (PQS) Points

Same as last year, points allocation is based on the number of prescription items you dispense. Please make a note of your Banding.

Each point will be worth a minimum value £67.50 up to a maximum value £135.50 depending on total points claims across all pharmacies in England.

Example: for a band 4 pharmacy claiming maximum points for achieving all domains, the total points would be 100 or £6,750 minimum payment.

The Aspiration Payment will be able to be claimed by making your declaration on MYS between 10th October – 4th November 2022.
