

# Pharmacy Culture & Leadership Programme

## Leading with Authority – Advancing Health Equity

Based on recent system listening events, Hampshire & Isle of Wight ICB have co-produced an exciting and innovative opportunity for developing your pharmacy leadership within the early careers workforce.

This first of its kind leading with authority – advancing health equity programme across the system supports pharmacy leaders to step into their authority to improve health equity, staff inclusion and system-wide culture, while building a trusted community to share strategies and best practice.
