

'Lets Talk about It' - Sexual health website

A useful website for both patients and professionals
- also contains online testing guidance without the need to attend a clinic

A fantastic signposting opportunity for pharmacies to refer people to use for Hampshire, Portsmouth & Southampton localities.

The site provides information (and also has links to many online leaflets) on:

- STI testing
- HIV
- EHC & Advice
- Condoms & other contraceptives
- Advisory service
- Clinic finder

There's also a Professional section containing useful service information:
