Appendix 4 – Evaluation Criteria

Evaluation criteria for community pharmacy single sector bids

Criteria with a Pass/Fail weighting must achieve a pass to be considered. Any criteria receiving a No response is a Fail which will result in that application being rejected.

There are four criteria that will be used to identify the strength of the applications to provide a comparative score. See table below for weighting for these questions.

Evaluation Criteria	Weighting
Does your partnership include a community and/or hospital pharmacy partnership?	Pass / Fail
Do you agree to pay the trainee at NHS agenda for change annex 21, Band 4 (or equivalent for non-NHS organisations)?	10%
Can you support payment of additional costs not covered by the training contribution (e.g. on costs, including pension, salary etc)?	Pass / Fail
Will the trainee be released for 1 day a week to attend college/complete knowledge learning?	Pass / Fail
Will the trainee be given dedicated time to complete assessments in addition to 1 day per week to attend college/complete lessons?	10%
Will the trainee have access to adequate IT and protected space to complete knowledge learning/assessments in all placements - to complete the training requirements throughout the 24-month training programme?	Pass / Fail
Can you confirm you have educational supervision capacity identified for 24-month period (max of 2 trainees per educational supervision)	Pass / Fail
Are the educational supervisors registered pharmacists or pharmacy technicians with a minimum of 24 months post qualification experience? (The name of this individual must be provided when the trainee starts).	Pass / Fail
Can you confirm you have practice supervision capacity identified for 24-month period?	Pass / Fail
Anticipated competencies meet requirements of GPhC IET standards for pharmacy technicians	40%
Provide a brief overview of the planned educational infrastructure including details of relevant education and training experience across the partnership and additional information that may support learning experiences for the trainee/s.	40%

Yes = Pass / No = Fail

Evaluation criteria for cross sector partnership and system-wide bids

Criteria with a Pass/Fail weighting must achieve a pass to be considered. Any criteria receiving a No response is a Fail which will result in that application being rejected.

There are four criteria that will be used to identify the strength of the applications to provide a comparative score. See table below for weighting for these questions.

Evaluation Criteria	Weighting
Does your partnership include a community and/or hospital	Pass / Fail
pharmacy partnership?	
Do you agree to pay the trainee at NHS agenda for change annex	5%
21, Band 4 (or equivalent for non-NHS organisations)?	
Can you support payment of additional costs not covered by the	Pass / Fail
training contribution (e.g. on costs, including pension, salary etc)?	
Will the trainee be released for 1 day a week to attend	Pass / Fail
college/complete knowledge learning?	
Will the trainee be given dedicated time to complete assessments in	5%
addition to 1 day per week to attend college/complete lessons?	
Will the trainee have access to adequate IT and protected space to	Pass / Fail
complete knowledge learning/assessments in all placements - to	
complete the training requirements throughout the 24-month training	
programme?	
Can you confirm you have educational supervision capacity	Pass / Fail
identified for 24-month period (max of 2 trainees per educational	
supervision)	
Are the educational supervisors registered pharmacists or pharmacy	Pass / Fail
technicians with a minimum of 24 months post qualification	
experience? (The name of this individual must be provided when the	
trainee starts).	Pass / Fail
Can you confirm you have practice supervision capacity identified	Pass / Faii
for 24-month period for each placement ? (The lead contact details must be provided when the trainee starts).	
Does each placement have a registered pharmacy professional	10%
within their organisation?	10 /6
Proposed placement model and brief	20%
Anticipated competencies meet requirements of GPhC IET	30%
standards for pharmacy technicians	JU /0
Provide a brief overview of the planned educational infrastructure	30%
including details of relevant education and training experience	0070
across the partnership and additional information that may support	
learning experiences for the trainee/s.
